COMMENTS:

The applicant, City of Tempe, is requesting a review of the Chronic Car Audio use permit (ZUP07006) for possible revocation. Chronic Car Audio has not complied with all of the use permit conditions of approval of their February 1, 2007 approval. Specifically, condition number four (4) of the use permit approval states that the applicant shall "Install noise mitigation buffer material to the interior of the service bays. The installation to receive Development Services staff approval and be completed by 04/01/07." The installation has not been completed and has resulted in a citizen complaint.

Commercial Code Compliance Division has issued a verbal warning and two (2) violation letters to the business regarding the absent noise mitigation material as required by condition. Chronic Car Audio has made little effort to comply with the noise mitigation requirement. Hub Blanchette, owner and Russ Smith, store manager were informed by staff at a meeting on November 29, 2007 that should the business not resolve this violation by January 23, 2008, Chronic Car Audio's use permit would be placed before the Board of Adjustment for possible revocation.

Chronic Car Audio has been in operation at this location since February 2007. The Zoning & Development Code prohibits vehicle repair in the CSS, Commercial Shopping and Services District. The use permit approved in February allowed Chronic Car Audio to transfer the approval from the previous business (V1 Motorsports) at that location, therefore allowing Chronic to operate a vehicle repair/installation business. Previous Zoning Ordinance (Ordinance 808) allowed auto repair/installation subject to a use permit.

Hub Blanchette told the Board of Adjustment he was making progress and needed additional time. Mr. Blanchette had researched different types of sound mitigation materials and was trying to determine which material would meet Building Code. Mr. Blanchette has not been able to satisfy Building Safety submittal requirements and that is why he requested additional time. The Board of Adjustment decided to continue this case to the February 27, 2008 Board of Adjustment Hearing.

Hub Blanchette received an over the counter building permit (BP080219) to install sound mitigation insulation. The applicant has to complete the work and have it inspected to receive a "Final" on the building permit.

Use Permit

Zoning Ordinance 808 required a vehicle repair/installation to obtain a Use Permit in the C-2, General Commercial District. All uses in the C-2 district required a use permit.

The Zoning and Development Code prohibits vehicle repair in the CSS, Convenience Shopping and Services District.

Conclusion

Staff recommends approval to revoke the use permit.

REASON(S) FOR APPROVAL:

1. Non-compliance with the conditions of approval. Zoning and Development Code, Section 6-603 allows for a review and possible revocation of use permits, if conditions of approval are not met.

SHOULD THE BOARD OF ADJUSTMENT ELECT NOT TO TAKE AFFIRMATIVE ACTION ON THE REQUEST (THUS, ALLOWING THE APPLICANT TO RETAIN THE USE PERMIT), THE FOLLOWING CONDITIONS OF APPROVAL SHOULD APPLY.

**CONDITION(S)
OF APPROVAL (ZUP07006):**

1. The use permit is valid for Chronic Car Audio and may be transferable to successors in interest through an administrative review with Development Services Manager, or designee.
2. The use permit is for the installation and repair of car audio, mobile video, car alarms, and related system.
3. Installation and repair work to be performed in rear building (2412 N. Scottsdale) only. All installation and testing must occur inside bays and shall comply with City of Tempe Noise Ordinance Standards.
4. Install noise mitigation buffer material to the interior of the service bays.
5. No outdoor speakers allowed.
6. In the event that your business has vehicles on display, please note that the parking or display of vehicles in the driveway and/or landscape is prohibited. Display of vehicles is only permitted on the previously approved display pad located on the Fillmore Street side.
7. Chronic Audio shall not park any of their motorized vehicles or employee vehicles on Fillmore Street.
8. Chronic Audio shall provide adequate parking for customers on their business property to discourage customer parking on Fillmore.
9. All signs to be approved by Design Review with sign permit(s) obtained prior to installation. No banners, pennants, balloons allowed without obtaining permits; portable signs strictly prohibited.
10. No expansion or intensification of business allowed without review of the use permit.

RE: CHRONIC CAR AUDIO INC.
2404 North Scottsdale Road
PL070002/DS070006/ZUP07006

Dear Mr. Blanchette:

The Development Services Department Board of Adjustment staff has approved your request for the transfer of an existing use permit to allow a car audio, mobile video and car alarm installation and repair business located at 2404 North Scottsdale Road, in the CSS, Commercial Shopping and Services District.

Specific factors, which contributed to this decision, are as follows:

1. The proposed use will be a continuation of an existing use.

This approval is based on compliance with the conditions listed below:

1. The use permit is valid for Chronic Car Audio and may be transferable to successors in interest through an administrative review with the Development Services Manager, or designee.
2. The use permit is for the installation and repair of car audio, mobile video, car alarms and related systems.
3. Installation and repair work to be performed in rear building (2412 N. Scottsdale) only. All installation and testing must occur inside bays and shall comply with City of Tempe Noise Ordinance Standards.
4. Install noise mitigation buffer material to the interior of the service bays. The installation to receive Development Services staff approval and be completed by **04/01/07**.
5. No outdoor speakers allowed.
6. In the event that your business has vehicles on display, please note that the parking or display of vehicles in the driveway and/or landscape is prohibited. Display of vehicles is only permitted on the previously approved display pad located on the Fillmore Street side.
7. Chronic Audio shall not park any of their motorized vehicles or employee vehicles on Fillmore Street.
8. Chronic Audio shall provide adequate parking for customers on their business property to discourage customer parking on Fillmore.
9. All signs to be approved by Design Review with sign permit(s) obtained prior to installation. No banners, pennants, balloons allowed without obtaining permits; portable signs strictly prohibited.
10. No expansion or intensification of business allowed without review of the use permit.

11. The hours of operation to be 9:00 AM to 7:00 PM Monday- Saturday and 10:00 AM to 5:00 PM Sunday. All installation work to cease within one hour of close of business as per times stated in this condition and applicant's letter of explanation.
12. All landscape areas to be maintained with immediate replacement of any dead or missing landscape material. All weeds and trash to be removed from landscape and paved areas and adequately maintained.
13. **If there are any complaints arising from the use permit that are verified by a consensus of the complaining party and the City Attorney's office, the use permit will be reviewed by city staff to determine the need for a public hearing set to re-evaluate the appropriateness of the use permit.**

In order to contest any conditions of this approval, you must request (in writing) to be placed on a Hearing Officer agenda.

If you have any questions please contact me at (480) 350-8486.

Sincerely,

Sherri Lesser

**RE: Chronic Car Audio- Use Permit
2404 North Scottsdale Road
PL070002/DS070006/ZUP07006**

Dear Mr. Blanchette:

We are requesting your presence at an administrative hearing to discuss the conditions of approval for your Use Permit for Chronic Car Audio at 2404 North Scottsdale Road (ZUP07006). Condition number four (4) of the approval letter dated February 1st, 2007 required the installation of noise mitigation buffer material to the interior of the service bays. The condition required the installation to receive Development Services staff approval, and be completed by April 1st, 2007. Our records indicate that this condition has not been met.

Please be advised that the City of Tempe Zoning and Development Code Part 6, Chapter 9, Section 6-902 states that if the applicant has not taken corrective actions to resolve the issues related to the approval, then the original decision making body may revoke the use permit. We have scheduled the hearing for November 15, 2007 at 1:00 PM in the City of Tempe Development Services Department Conference Room located at 31 E. 5th Street, Tempe. Staff recommends that you be in attendance for the hearing to provide any relevant information and/or plans for possible corrective actions that may be taken to avoid the revocation of your Use Permit.

Should you have questions concerning this notice, please contact me directly at (480) 350-8441.

Sincerely,

Jeff Tamulevich

The North Tempe Neighborhood Association is filing a formal complaint against Chronic Car Audio for the following reasons:

- 1) Regarding Use Permit Stipulation #4
 - a. Noise mitigation buffer material was to be installed to the interior of the service bays and was to be inspected by Development Services staff by 04/01/07.
 - i. It is our understanding that this was NOT done.
 - ii. There is extremely loud noise from testing of installations.
 - iii. Repeated neighbor complaints have been ignored.
 - iv. There is also loud noise from radios used while installing.
- 2) Regarding Use Permit Stipulation #11
 - a. Hours of operation to be 9:00 AM to 7PM Mon-Sat, 10AM – 5 PM Sun, as listed in Use Permit. (FYI - Advertised hours Mon-Sat are 9AM - 6PM)
All installation work is to cease 1 hour of close of business.
 - i. Installers are many times still working until 9, 10 or 11 PM and occasionally even much later! Employees stated that the late hours are why they don't clean up the parking lot.
- 3) Regarding Use Permit Stipulation #12
 - a. All landscape areas to be maintained ----- All weeds and trash to be removed from landscape and paved areas and adequately maintained.
 - i. Trash left on the premise for days and weeks at a time.
 - ii. Dumpsters overflowing for weeks at a time.
 - iii. Uncontained trash and trash strewn about parking lot and on sidewalk in front of installation offices. This is a habitual problem!
 - iv. 2 to 3ft high weeds growing up through graveled landscaping.
 - v. Trash throughout weeds along sidewalk.
 - vi. Uncontained trash is blowing into neighbors' yards.
- 4) The empty monument sign frame (numbered 2412) needs to be removed.

5) Regarding Use Permit Stipulation #13

- a. A Public hearing should be set to re-evaluate the appropriateness of this Use Permit.
- b. Employees were spoken with on 8/12/07 regarding trash, and extreme noise. Things have only gotten worse.
