REGULAR AGENDA

The Commission moved on to the public portion of the hearing:

5. Request for **TEMPE LANDING (PL070508)** (Tom Meissner, Vaughan Street, LLC, property owner; David Thorson, McShane Construction Corporation, applicant) consisting of a commercial development of two mid-rise office buildings with combined area of 420,406 s.f. and a parking garage of 516,892 s.f. of area on a site of approximately 9.72 acres located at 125 South Priest Drive in the GID, General Industrial District and the Rio Salado Overlay. The request includes the following:

PAD08003 - (Ordinance No. 2008.17) Planned Area Development Overlay to modify development standards to allow a building height increase from 35' to 101' for the two office buildings and from 35' to 96' for the garage.

STAFF REPORT: [DRCr_Tempe_Landing_042208.pdf](#)

This case is presented by Kevin O'Melia and represented by Grady Gammage Jr. Mr. Gammage gives a brief presentation including site plan and building elevations.

Mike DiDomenico: Can you speak to the type of landscaping that will be done?

Stanley Nicpon: Why no ingress/egress to First Street?

Grady Gammage: My mistake, there is ingress and egress on First Street.

Aaron Hillman (G.K. Flanagan, Landscape Architect): We looked to the LGE Building and the new Center for the Arts Building, and both utilize an immense amount of low water use plant material. Everything we are planning to use is on the ADWR Water Use list in order to obtain part of our LEED certification. Luckily we live in Arizona where a lot of the low water use plants are riparian in nature and will give it that consistent feel that is already existing along Rio Salado.

Alan Gillespie (McShane, Developer): We are going to try to recycle as much of the existing building materials as possible. This includes grinding concrete tilt slab panels for aggregate base course and direct recycling of copper. We will also salvage native landscape material. This fits with our goal of LEED certification for the development.

Chair MacDonald: Can you speak to the neighborhood meeting process?

Gillespie: There are no issues. We have also met with landowner directly south of the project and invited them into the process and they have no issues.

On a motion by Commissioner Nicpon and seconded by Commissioner DiDomenico, the Commission with a vote of 7-0, approved this Planned Area Development Overlay.
