Agenda Item 4 – Discussion of Proposed City of Tempe Operating and Capital Budgets and Possible Impacts on Neighborhoods

City Manager Charlie Meyer gave an overview of the City's budget. The City of Tempe has an operating budget of \$186 million. The next fiscal year shows a \$35 million deficit if steps aren't taken to correct it. Mr. Meyer will be proposing a 5 year budget plan that addresses the deficits to the City Council on February 19, 2009. No changes will be official until the Council adopts the budget in June.

Management's approach was to preserve services as much as possible while consolidating like functions. The plan is to not have visible effects in the neighborhoods with public safety. There likely will be some in Community Services and Parks and Recreation. Transit is funded through a separate tax, so existing service shouldn't be affected. Service improvements or expansions may have to be delayed. The Commissioners had other questions on the proposed stimulus, reductions in Code Compliance staffing, Neighborhood Services.

Mr. Meyer let the Commission know that they could help with neighborhood preservation, getting neighbors working together to help prevent decline.

Commissioners then discussed whether to make any formal recommendations regarding the proposed changes. They decided to have the committees meet prior to the next meeting to discuss and decide if there should be any recommendations. Committees will report back at the March 4, 2009 meeting.

Agenda Item 5 – Neighbor of the Year Awards and Workshop Update

Agenda item 3 – Discussion with Jayson Matthews, Assistant Director, Tempe Community Council

- **Housing trust fund advisory board;** The second formal hearing will be on Thursday 01/22/09. The Mayor and Council will vote to amend city code to establish a Housing Trust Fund Advisory Board. This board will help to oversee the Housing Trust Fund for the city of Tempe. Some questions this committee had were: How this is funded? Who will it benefit? Single Family Residence only or Condo/Townhomes?
- **Mobile Home Relocation Policy;** The Mobile Home Relocation policy is in the works with city staff working with the city Attorney. Different models are being looked at. One is in Ashland, Oregon. Looking at city code to try to change the time frame to 90 days to vacate hoping to fill the loophole that allows developers to pay into the state fund to move up the time to 30 days to vacate. Limited help for relocations, \$5000.00 for a single wide, \$10,000.00 for a double wide, Must be newer than (1979-1980). The maximum move is 25 miles. More time is needed to help families, retirees, owners and renters find new housing. Need to mandate set time frames, relocation assistance needs a fair process. 10 years ago there were approximately 25-30 parks, now approximately 10. This committee would like to recommend inviting Mr. Matthews back to the NAC for an update on both topics in the future.
